Hello John,

Thanks for your kind words...etc

Before Nancy takes over, I wanted to follow up on Jared's letter regarding the Corps' file on Saltworks. I understand Jason spoke with Jane Hicks last week, and rather than have us come by, Jane agreed to compile and review the file in-house for any privileged material, and then send us directly what materials HQUSACE approves for release. We're scoping contracting tasks and need to know where the information gaps are, so I'm hoping this can be accomplished relatively quickly. Can you give me some indication when we might expect these materials?

Thanks very much - Jane

FYI: We filled Jared in on Saltworks JD activities at biweekly update with Jared today. When Nancy or I send the email to Col. Morrow, hopefully today or tomorrow (you are drafting for us) asking for the schedule for the Corps provision of documents, we should forward to Jared and Ken with a short description of what we've heard from the Corps so far.
